

Johanna

It`s hard for me to understand
Why now and why you?
You never did anything wrong
And maybe, it`s hard to Believe
But There is nothing
I hate about you
And when you have to go now
I want you to know

I would miss you
But not only you
I would miss your Hugs, your Smile
I would miss you anytime.
I would miss you
And everything you do
Every step you take
Every move you make
I would miss you

There was a time
When I was crying every day
Then you hold me close in your arms
And everything is ok
Beause you are
The best friend in the world

I would miss you
But not only you
I would miss your Hugs, your Smile
I would miss you anytime.
I would miss you
And everything you do
Every step you take
Every move you make
I would miss you

When I heard that you`re away
I thought I`ll be ok
But I never wanted you to leave
When I think about the past
The last time with you
Past so fast
But now I gotta be strong
Just keep going on

Cause I Miss you
But not only you
I miss you Hugs, your Smile
I miss you everytime
And I know it`s different now
But I fell you`re here somehow
I miss the words you Said
The Time that we both hat
I miss you

Now you`re gone
I Feel nothing inside
And all I Wish is that you hold me tight
But there is one thing that I know
My Heart will never let you go
I`ll always love you and I hope you know

I Miss you
But not only you
I miss you Hugs, your Smile
I miss you everytime
And I know it`s different now
But I fell you`re here somehow
I miss the words you Said
The Time that we both hat
I miss you
